Fast Aperture F1.6

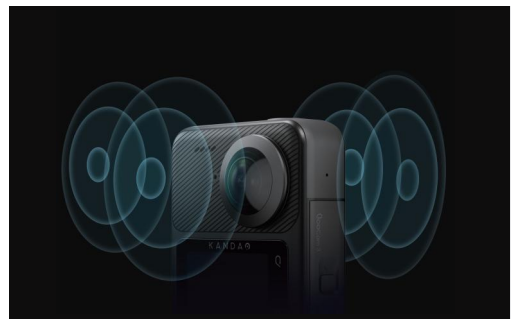

Brilliant 360° Image Performance

QooCam 3 captures stunning 5.7K 30FPS panoramic videos and 62MP photos with its two ultra-wide-angle fisheye lenses.

Gather More Light and Reserve More Details Even Not Bright

A 1/1.5" sensor with a large aperture of F1.6 makes it stand out for its high resolution and exceptional light sensitivity.

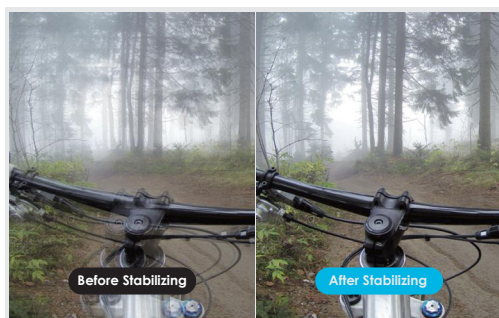

True Ambisonics Audio

As it captures surround sound in both horizontal and vertical directions, the audience can perceive the real direction and position of audio sources.

Dive into Adventure

QooCam 3 supports waterproofing up to 33ft. With an IP68 rating, it is both dustproof and waterproof, protecting against splashes and flying dust.

SuperSteady Stabilization

With a built-in six-axis gyroscope, QooCam 3 captures stable footage effortlessly and eliminates the need for a stabilizer.

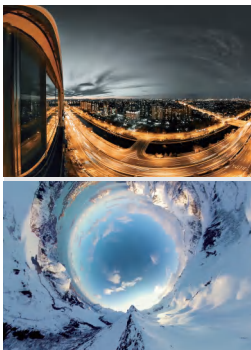

Invisible Selfie Stick

The selfie stick disappears in your edit, so you can capture aerial angles and third person perspectives on your own.

Instant Post-processing

Utilize the QooCam 3 App for instant footage editing, key-frame making, intelligent tracking, acceleration and more.

Effortless Fancy Snippets

There are a variety of engaging AI smart templates within the QooCam 3 App. Shoot footage following the tutorials, then import it to the App for automatic generation of impressive and captivating clips.
